

## **EuroSoul 10 - 13 May 2018: Brothers Building Bridges**

### **We invite you to join us**

**First of all if you are a Weaver, Ritual Elder or Convenor.**

**Second, we invite men who have been on an MROP team as an Elder.**

**Finally, Initiated Men who want to support EuroSoul 2018 in Essen, Germany.**

The reason for this order of preference in the invitation is that we want to review and discuss aspects of the Rites together, and it helps if you have experience from being on a team.

Having said that, if you are keen to come, contact us, and we will let you know about availability asap.

As this is also the 100th year since the end of WW1, we are going to work with an awareness of that in our time together, principally through Ritual and Way of Council. So we invite leaders from the different countries participating to prepare a ritual for the conference and we will let you know about the timing of it and any further context into which we see it fitting.

We expect, like last year, to conduct our business together in the Way of Council, so that all who participate will have a voice.
